|   | Keep spills (and  | as much as possible cleaning rund      | offs) out of municipal sewers | and open bodies of water. |
|   | Restrict access   | o area. No smoking or naked light      | IS.                           |                           |
|   | Clear area of pe  | rsonnel and move upwind.               |                               |                           |
| Alert Fire Brigade and tell them location and nature of hazard.                                 |   |  |                               |                           |
| Consider evacuation (or protect in place).  |   |  |                               |                           |
| Stop leak if safe to do so.   |   |  |                               |                           |
|   | •   | ble product into labelled containers   | s for recycling.              |                           |
| SECTION   | 7. HAN  | DLING AND STORAGE                      |                               |                           |

Precautions for safe handling Avoid damaging containers. Keep lids on containers when not in use

Conditions for safe storage including any incompatibilities

Storage Temperatures Min 1°C Max 40°C

#### EXPOSURE CONTROLS/PERSONAL PROTECTION SECTION 8.

| National exposure standards for mixture | No exposure standards has been established for this product |                                  |  |  |
|---|---|----------------------------------|--|--|
| Component                               | Breathing Zone ppm  | Breathing Zone mg/m <sup>3</sup> |  |  |
|   |   |                                  |  |  |

#### **Personal Protection**

Eye: Safety eyewear with splash guards or side shields to prevent eye contact is recommended when using any paint. Hands/Feet Protective clothing. Gloves of neoprene or nitrile rubber - Industrial weight lined gauntlet recommended.

Other Overalls, impervious clothing, barrier cream, eyewash unit, skin cleansing cream. Practice good caution and personal cleanliness to avoid skin contact. Avoid breathing vapours of heated materials. Wash hands thoroughly before handling food.

Respirator

#### PHYSICAL AND CHEMICAL PROPERTIES SECTION 9.

| Appearance | viscous | s liquid        |                |               |             |            |                  |
|------------|---------|-----------------|----------------|---------------|-------------|------------|------------------|
| Odour      | pН      | Vapour Pressure | Vapour Density | Boiling Point | Melt Freeze | Solubility | Volatile by Weig |
| Amine      | 7-10    | n/a             | n/a            | 100°C         | 0°C         | Soluble    | 56               |
| SECTION    | N 10.   | STABILITY       | AND ACTIV      | ITY           |             |            |                  |

Chemical Stability Product is considered stable under normal storage and handling conditions.

Conditions to Avoid Freezing, excessive heat and changes in temperature

Incompatible Material

Hazardous decomposition product Oxides of carbon and nitrogen Hazardous reactions Hazardous polymerisation will not occur.

#### PARTICLE BOARD SEALER

## SECTION 11. TOXICOLOGICAL INFORMATION

No data available for this product Refer to individual raw materials

Component

Oral: LD50 mg/kg Dermal: LD50 mg/kg

Inhale: LC50 ppm

## SECTION 12. HAZARDS IDENTIFICATION

No data available for this product

Do not allow the product to enter the environment

Component

Fish: LC50 mg/Lt

BCF: <100 Kow

| SECTION 13. | DISPOSAL CONSIDERATIONS |
|-------------|-------------------------|
|             |                         |

Special precautions for landfill or incineration

Consult manufacturer for recycling options and recycle where possible

Decontaminate empty containers. Observe all label safeguards until containers are cleaned and destroyed
