## 70 years of innovation

Zenith Water is a wholly owned subsidiary of Zip Water. With unrivalled expertise in instant filtered boiling, chilled and sparkling water, Zenith Water is known globally for being home to the Zenith HydroTap, which dispenses pure-tasting water at the touch of a button.

Founded in Australia in 1947, we've always been innovators, advancing and perfecting our drinking water technology for decades. Today, we're proud to provide workplaces, in over 70 countries across the world with the purest tasting water possible from our range of Zenith HydroTaps.

Access the latest water filtration technology for pure-tasting water. Convenience at the touch of a button for instant boiled, chilled and sparkling water. Stylish designs and finishes to suit any kitchen and declutter bench space for efficiency. Keep up with the busy demands of a workplace with Zenith HydroTap technology. We provide drinking water solutions for all workplaces - offices, health and aged care facilities, small businesses and workplaces looking to reduce shared touchpoints.

Welcome to the Zenith HydroTap family.

John Doumani, President Zip Industries

# Water at its best with Zenith HydroTap

## Convenience of instant pure-tasting water at the touch of a button

With filtered boiling, chilled and sparkling, plus hot and cold water instantly, we offer the widest choice of water options on the market. So, whether you're filling a plunger of coffee, a glass of cool, crisp drinking water or a sink of washing up water, the choice is at your fingertips.

**G5**  
TECHNOLOGY

# Powered by our latest G5 technology

Embodying functionality, the HydroTap is ideal for those who want appliances that save time, reduce energy, are straightforward to use, simple to maintain and make life in the kitchen a whole lot easier.

Access pure-tasting water thanks to our advanced MicroPurity filtration. Say goodbye to bottled water taking up valuable fridge space and slow, energy-guzzling kettles cluttering your countertops. Welcome the convenience of cooking, sterilising bottles and making tea or coffee with instant boiling water and the handiness of pouring a perfectly chilled still or sparkling glass of water whenever you need it.

# Experience water at its best with HydroTap at home

Pure-tasting boiling, chilled and sparkling water in an instant, delivered seamlessly with a Zenith HydroTap. There is a HydroTap to suit every kitchen. A Zenith HydroTap can be a simple addition to your current kitchen or part of a larger kitchen renovation, and our Zenith service technicians are expert professionals who can install your HydroTap in your home.

## Add a HydroTap in addition to your existing mixer tap

Have the best of both worlds by adding a HydroTap over your kitchen sink to access pure-tasting boiling, chilled and sparkling water instantly. We have a wide range of HydroTap styles that will complement your existing sink mixer tap.

## Choose a HydroTap with a new matching mixer tap

If you want to match your sink mixer tap with your new HydroTap, we also offer mixer tap styles in 7 modern finishes to complement any kitchen.

## Add a HydroTap onto a benchtop

Add a HydroTap on a kitchen island or butler's pantry for a designer hydration station in your home. A HydroTap can be installed on a counter with a matching font to catch any excess water.

## The ultimate all-in-one solution for all your water needs

Our most popular HydroTap All-In-One style offers an integrated system with filtered drinking water, plus hot and cold tap water for washing up, all from the one elegant tap. Streamline your bench space and declutter your kitchen.

## Installing a Zenith HydroTap has never been easier

Let Zenith Water take care of your HydroTap installation, with our premium installation service. Our national fleet of highly skilled service technicians are on call to install your HydroTap in any kitchen.

Our installation service includes stone cutting for tap and font installation\*, so we will make sure your HydroTap is up and running in no time.

Our service technicians can also help maintain your HydroTap. Access the simple online booking form at [zenithwater.co.nz](https://zenithwater.co.nz)

\* Available in New Zealand metro areas only where suitable power and water are available within 1 metre of the installation location, excludes cutting of fixtures and major plumbing modifications.

# Say hello to Classic Plus

Enjoy pure-tasting boiling, chilled and sparkling water instantly with Zenith HydroTap, powered by our most advanced G5 technology.

## Sleek design meets slick function

With simple, intuitive controls including continuous flow to fill bottles and coming in seven ultra-modern finishes, HydroTap Classic Plus will add designer style to any kitchen.

## Smarter and more personalised

Create your preferred settings with a few touches using the optimised new menu in the HydroTap G5 command centre. Select energy modes and usage settings for easier customisation.

## Setting the hygiene standard

Zenith HydroTap G5 has SteriTouch® antimicrobial protection impregnated within key water surfaces as well as on the new Classic Plus touch-pad for enhanced hygiene.

## Powered by new G5 technology

Leading the way in performance and functionality, Zenith's fifth generation G5 technology continues to deliver the convenience you would expect from a HydroTap. Perfected over 70 years of development and innovation, HydroTap G5 transforms tap water into a form you will love, in an instant.

### HydroTap product warranty

Zenith HydroTap G5 is backed by a 36 month comprehensive parts and labour warranty, plus a further 24 months on internal tanks.

### PowerPulse technology

Our innovative Zenith PowerPulse technology maintains stored boiling water to within 0.2°C of your set temperature, meaning no energy or time is wasted waiting for water to boil.

### Auto-diagnostics

An advanced auto-diagnostics system continuously monitors your HydroTap's performance.

### SteriTouch® antimicrobial protection

SteriTouch® is impregnated inside materials in contact with key water paths in HydroTap for added protection against surface bacteria.

### Unique safety features

Zenith boiling water is delivered smoothly and the tap has a safety lock to facilitate safe boiling water delivery.

### MicroPurity™ filtration

Inbuilt 0.2 micron NSF-certified filter incorporating innovative silver ion antimicrobial technology means healthier, pure-tasting water.

### CO2 level indicator

New feature in the command centre shows when CO2 gas is running low.

### Air-cooled system

Our unique air-cooled refrigeration system is 100% water efficient.

### Smart Customisation

New optimised menu in the G5 HydroTap command centre allows you to select energy modes and usage settings for easier customisation.

# Pure-tasting filtered water with Zenith MicroPurity filtration

At Zenith Water, we put water quality at the heart of our offering, with perfectly filtered boiling, chilled and sparkling water instantly.

Our mission is to help our customers to enjoy pure-tasting water, on tap, all the time, and that is why only the best tasting water will do.

## Advanced filtration in every HydroTap system

Zenith MicroPurity uses the latest filtration technology to filter and reduce impurities and potentially harmful contaminants larger than 0.2 microns in size – an impurity that will fit 250 times into a strand of hair.

## Easy to maintain

We recommend regular filter changes to ensure you continue to enjoy pure-tasting water. Our MicroPurity filters are easy to change with a hygienic cartridge and our qualified service technicians can also perform filter changes for your convenience.

## Trust Zenith genuine filters

Every Zenith HydroTap system comes fitted with a genuine MicroPurity filter, which are certified to reduce contaminants.

# Zenith HydroTap owners drink more water

Whether you're striving to live a healthier lifestyle, or boost the wellbeing of your family, staying hydrated is key – a feat that has never been quicker or easier with Zenith HydroTap. In fact, our research shows that 80% of HydroTap owners drink more water than before\*.

Transforming ordinary tap water into the purest-tasting filtered boiling, chilled and sparkling water, you'll not only start drinking more, you may also enjoy a host of mental and physical health benefits; from improved concentration, cardiovascular, muscle and joint health, right the way through to keeping your body cool, skin supple and cleansing toxins from the body.

With a taste that's truly irresistible, it's easy to see why.

\*Research carried out to 340 existing Zenith HydroTap customers

### Triple Action Technology

- 1. Removes particulates greater than 5 micron**  
Pleated membrane pre-filtration
- 2. Filter reduces particulates, lead, chlorine, taste, odour and cysts to 0.2 micron**  
0.2 micron Fibredyne carbon element including bacteriostatis effect
- 3. Reduces limescale build up**  
Limescale inhibitor

Zenith MicroPurity filters are certified to reduce chlorine, taste, odour, bacteria, sediment and limescale in line with NSF 42 (aesthetic effects) and WaterMark requirements.

Zenith MicroPurity filtration is also certified to deliver a reduction of 999% of cysts including cryptosporidium and giardia, and lead reduction of 98.9% to NSF 53 (health effects).

## Popular finish options

Whether you opt for a classic Chrome or stylish Matte Black, our range of timeless popular finishes has been designed to sit seamlessly in a wide range of kitchen designs, from contemporary to traditional.

## Platinum finish options

Taking the HydroTap from a kitchen appliance you can't live without to a striking design accessory, our platinum finish options include stylish metallic finishes, each stunning in its own right.

\*Available September 2021

# The sustainable choice

Sitting beneath a sleek and stylish tap, the HydroTap houses the latest in advanced energy efficient technology.

**Eliminates the need for bottled water** reducing your environmental impact

**Eliminates the need for kettles** for highly efficient instant boiling water delivery

**World class environmental credentials** providing transparent product life cycle impact

\*oceanrangers.org/plastic-crusades/plastic-statistics/

Australians buy **over 580 MILLION** litres of bottled water a year.  
Much of which ends up in **LANDFILL** and on our **BEACHES#**

**Smart energy saving modes** that powers down the unit when not in use

**Utilises air-cooled technology,** making HydroTap 100% water efficient

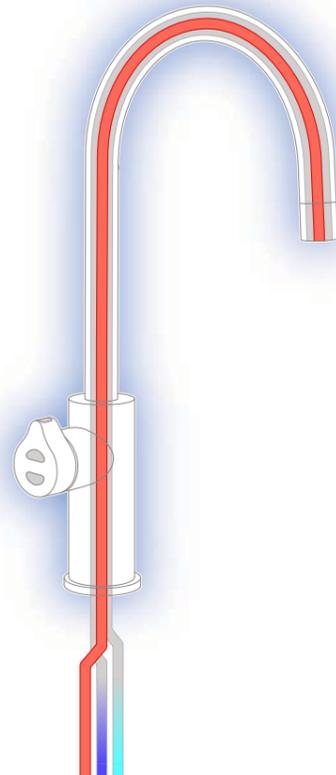

# The safest instant boiling water

## Boiling water safety lock

Unique boiling water dispensing safety features requires a dual action reducing the likelihood of accidentally activating the boiling water which means little ones are safer.

## Cool touch tap

The HydroTap is cool to the touch and does not produce any spluttering steam, which means it is always safe to use.

# The Zenith service difference

Our highly skilled network of mobile technicians and friendly customer service team are here to help keep your Zenith products in top working order. Our expert technicians install HydroTaps across residential and commercial kitchens, and we can help to maintain any drinking water systems.

## Full national coverage

Zenith water employs direct factory trained service technicians offering installation and ongoing filter and CO<sub>2</sub> changes, plus over 50 trained service agents covering the North and South Islands.

## Fast and efficient

Every Zenith service technician carries a range of spare parts, genuine filters and CO<sub>2</sub> canisters to repair on first time attendance, which means you can get back to enjoying your fresh, filtered water in no time.

## Professional repairs and maintenance

Zenith technicians are highly skilled, specialised and factory trained with years of experience to ensure you receive efficient, reliable and prompt service and repairs.

## Customer satisfaction

We aim to provide our customers with professional care at a high standard and take pride on our level of service.

## Zenith installation service

Zenith Water offers an installation service, with a national fleet of skilled service technicians who can install your HydroTap in any kitchen.

Our service technicians will make sure your HydroTap is up and running in no time and includes stone cutting for tap and font installation.

Available in metro areas only where suitable power and water are available within 1 metre of the installation location, excludes cutting of fixtures and major plumbing modifications

# A history of drinking water innovation for over 70 years
